International Conference on Comparative Cognition
Conference Presentation Information
2026

Talk details

As we have in previous years, we strongly encourage all presenters giving talks to send their PowerPoint presentations to us by email in advance of the conference, so that they can be ready on the presentation laptop. Please send Windows or Mac **PowerPoint (.ppt) or PDF files** via email.

- **Talk** presenters should submit the slides of their talk one week before the conference (on **Wednesday, April 8, 2026**) to comparativecognitionsociety@gmail.com
- Please rename the file(s) you send with a name that begins with the **last name** of the presenting author concatenated with the **name of the session** in which you are presenting your talk (e.g., *BrownSpatialCognition*.ppt). To find your session, please see the conference program.
- Be aware that video clips in your slideshow require sending the video file as well as the .ppt file, unless you embed the video into the presentation. If your presentation includes video (or any unusual multimedia elements), please be sure to send the file(s) containing the video(s) and alert us in the email message so that we can give your presentation a test run to be sure those things work properly. A good test, if you are not sure you know what you need to send, is to try running your presentation from a computer other than the one on which you prepared it.
- BE SURE TO BRING A COPY OF YOUR PRESENTATION ON USB or your own laptop to the conference as a backup.

Poster details

The medium for posters will be 36 inches tall X 48 inches wide (91 cm X 122 cm). A poster board for printed materials and table surface space to allow additional audio-visual materials to be used (e.g., a laptop computer supplied by the presenter) will be provided.

Additional information

For additional information about CO3, contact secretary@comparativecognition.org
(emails sent to this address will go to both the CCS Secretary and CO3 Conference Organizers).
